

COUNTY STRATEGIES
ORCNM
Opioid Remediation Collaborative
of New Mexico

Quarter 4
Newsletter

May 14th, 2026

Executive Summary

This quarter reflects meaningful growth for the Opioid Remediation Collaborative of New Mexico as we deepen regional partnerships and engage more closely with county-level initiatives that will shape healthier futures for families across the state.

We were proud to welcome new partners into the ORCNM network, strengthen relationships with county commissioners and local leaders, and broaden our outreach to ensure residents can access essential prevention and wellness resources.

Through new partner onboarding, presentations at commission meetings, prevention outreach at food banks, and participation in community events, ORCNM continues to champion locally informed solutions that build stronger, more resilient communities throughout New Mexico.

Shauna Hartley, LCSW
Executive Director

New Partner Onboarding

Expanding ORCNM's Collaborative Network

ORCNM is proud to welcome Grant County, Luna County, and the Village of Los Lunas as new partners in its growing collaborative network.

These partnerships represent an important step in expanding prevention, treatment access, recovery support, and community wellness initiatives across rural New Mexico. By working alongside local leaders and stakeholders, ORCNM is able to better understand each community's priorities and support strategies that are responsive to local needs.

As part of this onboarding effort, ORCNM conducted a Stakeholder Group meeting for the Village of Los Lunas on **March 31, 2026**, helping align community priorities around prevention, treatment, and recovery support.

Commissioner Meetings

Strengthening Local Leadership Engagement

ORCNM continued its regular commission updates this quarter, meeting with county leaders to share progress, strengthen communication, and support alignment around local opioid remediation priorities. These meetings help ensure that ORCNM's work remains responsive to each county's needs while creating space for continued collaboration around prevention, treatment access, recovery support, youth engagement, and community wellness.

Completed commission updates this quarter included:

- ✓ Grant County — Feb 10th
- ✓ Guadalupe County — Mar 19th
- ✓ Valencia County — Apr 1st
- ✓ Socorro County — Apr 14th
- ✓ Sierra County — Apr 21st

Food Bank Outreach

Connecting Resources Through Trusted Community Partners

Center for Health Innovation
**Public Health
Institute**

ORCNM partnered with the Center for Health Innovation/Sierra County Prevention and The Olive Tree to meet with local Sierra County food banks, including Sierra Vista Hospital, Matthew 25 Food Pantry, and St. Paul's Episcopal Church. The outreach focused on sharing prevention and wellness resources, including 988, the Connections App, and Teen Seen, through trusted community support networks.
